SPECIAL INSTRUCTIONS

All lots are carefully attributed and grade will be found to be as noted. All material guaranteed genuine and as represented.

Be sure to enter on bid sheet correct lot number and **BID BY LOT IN ALL CASES**. List values which have usually been included in my catalogues, are omitted in this issue. If you wish information as to value of lots, send list of numbers and reply will come by return mail.

Unlimited or buy bids will be accepted and carried out as far as possible. In case of two such bids on an item, the first one received will be acted on. Fair treatment is assured in all cases. I have many bidders who have always sent buy bids, and have yet to hear of a single complaint.

The terms of this sale are cash promptly on receipt of goods. Remit by check, money order, or whatever way is most convenient. Successful bidders will be immediately notified after sale, and coins shipped at once, if credit references are O. K. There is no charge for executing bids, but postage on shipments is added to invoice. I frequently put invoice in parcel with coins.

If you are bidding for the first time, put references on back of sheet. Patrons are kindly requested not to send bids of a mere fraction of the material offered as, they are never successful and rarely ever entered on our bid sheet.

Next auction may be in May but not yet sure. Summer is coming I hope and I may not issue a list every month. It will depend largely on the amount of material sent in. I wish to accommodate my friends as far as possible and if the large shipments are received which have been promised then auction lists will be mailed as usual. Remember it takes about 4 weeks for lists to be printed and 3 more weeks for bidders sheets coming in.

I again repeat that the most popular coins with all my patrons are very early dates of all series, and Unc. and proof coins. Uncirculated coins of very late dates not in good demand. Also wish fine collections of Ancient silver and gold.

LARGE CENTS

1. Part of a collection that has not been on the market for generations. As many specimens are in unusual condition, no values are given. There are a number of dates which will readily bring \$50 to \$100 each.

PROOFS

(Our government has no record of any being struck but if you could see these nice brilliant specimens, you would agree they are very beautiful.)

2. 1822 A 10, glittering purple and steel proof. Should bring a very large price.
3. 1827 A 4, red and olive proof "slight nicks" but you will have to have a good glass to find them.
4. 1846 glittering red and steel proof, not in Andrews.
5. 1846 Another glittering steel and purple proof not in Andrews.
6. 1850 A 11 red and purple proof.
7. 1852 A 12 red and purple proof.
8. 1854 A 14 Obv. golden red, Rev. steel. Proof.
9. 1855 Purple Proof. Not in Andrews, unquestionably a new variety.
10. 1857 A3 Purple Proof, small date.

MIS-STRIKES

I found the following very unusual specimens in this old collection.

11. Large cent with two reverses, one struck in usual manner and other bottom side up. Very good and very rare.
12. 1808 this specimen appears to be double struck and has spread the flan to 30mm. Excessively rare.
13. 1814 D 224, the restrike is a space of about 12mm near bust on obv. Scarce.
14. 1829 A 5 the dies struck to the right about 5mm. The bust and date all shows and part of stars. Rev. the same. Scarce.

15. 1829 A 4 This specimen is similar to the preceding the die having swerved off the flan on upper right. Rare.

16. 1830 A 7 die struck off about 4mm on lower right. Rare.

17. 1839 This specimen is classed as a mis-strike but it is evenly centered both sides. Diameter 31mm while the usual cent is about 28.

(I judge all of these cents have been in circulation. They are rare and bring very large prices even to \$50 for specimens like the 1808 above.)

THREE LEG BUFFALO NICKEL

Wyoming is one of the grandest of all states and every numismatist should go there for a trip. If he does not find any three leg Buffalos he will find grand health and scenery.)
